purifire™  
Air treatment system

Purifire™ air treatment system cleans 24/7.

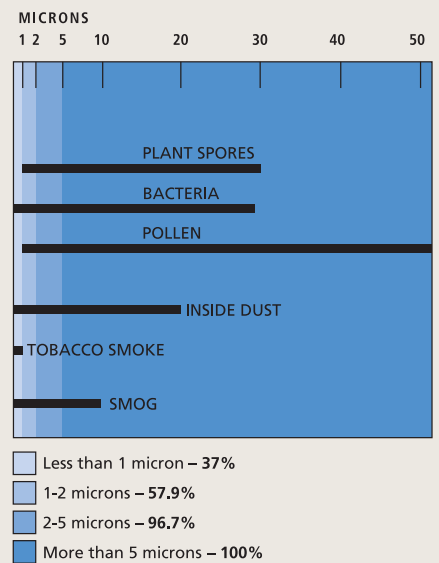

10" x 20" high-efficiency washable filter.

## Breakthrough air treatment system cleans 24/7

The BF39 electric firebox features the exclusive Purifire™ air treatment system – the world's first integral air filtering electric fireplace.

- Uses a standard size 10" x 20" high-efficiency washable filter.
- Air filter operates with the heater or may be run with the air-circulating fan only to provide continuous, quiet cleaning.
- Exceeds MERV 10 (Minimum Efficiency Reporting Value) rating – filters allergens as small as 1 micron.
- Circulates and cleans the air of an average room four times per hour. (Based on 12' x 14' room)
- Filter needs to be washed/replaced only once per year on average.
